

Sea Kayak the Apostle Islands: August 2nd – 7th, 2009

Now is your chance to paddle your kayak across the magnificent waters of Lake Superior. The Apostle Islands are 22 Islands located off the coast of the Bayfield Peninsula in Northern Wisconsin. The Islands offer mile long sand beaches, beautiful second growth forests, wildlife, and deep echoing sea caves in which we will paddle into and explore. The sunsets are remarkable and the sheer beauty will not be forgotten. If you have never sea kayaked before, don't worry. We will spend our first day on a local lake to learn the skills necessary to take on Lake Superior. This trip is consistently a favorite and spots fill up extremely quick.

Leaders: Tim Mertz & James Jaderborg

Sign up by: July 10th

Maximum Participants: 10

Skill Level: Beginner - Intermediate

Price: \$195 - includes everything

Backpack Isle Royale National Park: August 16th – 22nd, 2009

This trip will blow you away. Isle Royale definitely lives up to its reputation as one of the most pristine wilderness locations left in North America. To get there, we will board a large passenger ferry that will take us across Lake Superior and dock on the island. Once there, we will say goodbye to cars, roads, home, and all other modern signs of civilization. We will hit the trail for a week of backpacking through beautiful wilderness and rugged shorelines. At night we'll fall asleep listening to the howls of wolves and calling of loons.

Leaders: Justin Dall Osto and Phil Landgraf
